COURSE HAS BEEN CHANGED

From Towanda Across Covered Bridge via. James Street Bridgs and Back.

TWICE AROUND THIS COURSE MAKING 6 MILES

Runners Will Be in Sight of Towanda Nearly Every Step of the Way—Names of First Entries—Merchants and Business Men Asked For Assistance.

Not since the Bermuda contest was started has anything been announced in Bradford county which has caused the interest as has the announcement of the Marathon race to be conducted by The Daily Review on "Old Home Day," Friday, June 25.

Entries Pouring In.

At first the idea did not seem to hit the mark, that is the young fellows, those athletically inclined did not think much of it, thought it would be too much to prepare for a race of this kind, but they have been thinking it over and Monday a number of the best runners in Towanda and vicinity sent their names to The Review and during the afternoon inquiries came from different sections of the county for further particulars.

The New Albany high school will have at least four representatives in the race, and outside of the schools, that hustling village will send a number of other athletes who will compete. So far Towanda has the largest number of entries, as would be expected, as the race is to be held here, but The Review wants every township, every school in the county to have a representative in the race. The only condition is that the contestant must be a resident of the county, and no one who has taken part in a distance race during the three months previous to June 25 will be allowed to enter. Contestants must be 16 years of age or over. These are the only rules governing entries, and entrance is free.

Course Changed.

Instead of running from Towanda to Monroeton and back a distance of nine miles and a little over, the course will be from a point in front of the court house, south on Main street to Bridge street, across the wagon bridge, up the road on the East side of the river, across the James street bridge, out James street to York avenue, down York avenue to the starting point. Twice around this course the runners will go, covering a distance of six miles.

This is an ideal course, and the runners will pass through Towanda twice during the race, and will be in sight of the City of Promise every step of the way. The roads are good, and the test will not be as severe as the over the Monroeton course. The down grade of over half a mile on York avenue will be of help to the runners.

Entries will be received until Saturday, June 19, midnight. Any letter bearing postmark previous to that time will be accepted.

Runners should start training at once. Run a half mile the first day, increasing the distance each day until six miles can be covered easily.

The First Entries.

Here are the names and residence places of those who entered yesterday:

W. Ennis Kinsley	Towanda
Edward Carter	Towanda
Jack Fairbanks	Towanda
Robert Gerould	Athens
E. Ashmun Parsons, Jr	Towanda
Adelbert L. Jackson	Towanda
Audley Ryan	Towanda
Charles Chamberlain	Towanda
John Crimmins	Towanda
William Crandall	Towanda
Allen Kershner	Towanda
Curtis L. Dickerson	Towanda
Manford Allen	Laquin
James Johnson	Towanda, R. F. D. 3

Come On, Runners.

Come on, Bradford county boys, and get in this race which will be the greatest athletic contest ever held in Northern Pennsylvania. It costs nothing to enter, and you stand a good show of winning a good prize and all kinds of athletic glory.

Commence Training.

It is easy to train for the contest. Get up in the morning and take a half mile trot, increasing it each day until you can jog six miles without fatigue. Dress the body warm, wear a coat buttoned tight, carry the hands clinched on either breast; breathe regular; stop and walk when fatigued; then run again, sprinting occasionally to gain speed. After the run bathe feet with witch hazel, and lower limbs with same, rubbing in well. Wood alcohol is splendid to rub on the muscles of the limbs to keep away soreness. The feet should have the best attention. Don't make the mistake of putting on light shoes to train in, as the heavier the shoes the better. If your feet get sore on the bottom, turn your stockings inside out, then coat foot of stocking with mutton tallow, which will grease the bottom of the feet and prevent blistering or soreness. Don't run after eating, rather before or at least two hours after meals. Carry lemon, orange or sponge and when a little fatigued, wet lips, or forehead. Don't run until exhausted. The idea is to get in such perfect condition that you can run six miles easily without tiring, with heavy clothes. When you start in the race you will be dressed for fast running, and then the one with the best wind, the ones in the best condition will win. It is not the fastest runners for a short distance who stand the best show, it is those with the greatest staying qualities. Other hints on training will be published from day to day. Who knows but what the winner of this race may become the world's greatest Marathon runner?

TOWANDA RURAL CARRIERS ON THE ROLL OF HONOR.

Received Letters From Postoffice Department, Commeding Them.

The following named rural carriers at the Towanda postoffice have just received from General DeGraw, Fourth Assistant Postmaster General, and the head of the division of Rural Delivery, a letter conveying the thanks of the department for their extraordinary efforts to maintain service over their routes during the terrible blizzard of March 4th and 5th last:

Benjamin F. Goodenough, R. F. D. No. 1
James N. McKean, R. F. D. No. 3.
Halliday D. Allis, R. F. D. No. 4.
Jesse W. Campbell, R. F. D. No. 5.
Chauncey L. Robinson, R. F. D. No. 6.
Harry H. Smith R. F. D. No. 7.
William H. Elliott, R. F. D. No. 8.
Charles H. L'Amoreux, R.F.D. No. 9.

The blizzard referred to will be remembered as one of the worst that has visited this section for many years. All the roads traversed by the R. F. D. carriers of the Towanda office were blocked in many places by snow-drifts and progress was possible only by taking to the fields. Through that blinding storm at the risk of lives and limbs of their horses, to say nothing of their own exposure, the carriers fought their way and, with a single exception, all succeeded in delivering mail over their entire routes. As such unusual and hazardous service is not required by the rules of the department the action of the carriers was the more noteworthy.

Postmaster Turner reported this unusual service to the Department, making personal mention of each carrier who had succeeded in making the complete service, and calling attention to the exceptionally meritorious record of the men ever since they had been connected with the service. As a result each of the eight carriers, whose name appears above, received from Assistant Postmaster General DeGraw, a personal letter expressing in warmest terms the appreciation of the Department and its commendation of their pluck and devotion to duty.

Nearly all the carriers on the roll have unusual records for faithfulness and efficiency. Charles H. L'Amoreux, the carrier longest in the service, has delivered mail over route 9 ever since its establishment May 1, 1901, and, excepting annual vacation which all carriers are allowed, has never failed to make delivery over the entire route. The same may be said of Carriers Allis and Robinson of routes Nos. 4 and 6, respectively. They have been in the service seven years, one year less than Mr. L'Amoreux, and like him, have carried the mail over their routes without a skip. Carriers McKean of Route No. 3, Campbell of Route 5, and Elliott of Route 8, also have nearly perfect records, having missed but one trip since entering the service six years ago, and then missing only a portion of their routes because of impassable roads.

Surely these records are noteworthy and are indicative of the pluck, fidelity of the men in the postal service and it is not to be wondered at that Postmaster Turner is proud of them, and says the Towanda postoffice has the most efficient courteous, faithful and loyal lot of clerks and carriers in the service.

Wedding Invitations Received.

Towanda relatives and friends have received wedding invitations which read: "Mr. and Mrs. Samuel Beverly Scott request the honor of your presence at the marriage of their daughter, Marion Stanard to Alexander T. Johnson on Wednesday evening, the twenty eighth of April, nineteen hundred and nine, at six o'clock, three hundred and three Swiss avenue, Dallas Texas. At home after June first, Tonopah, Nevada." Mr. Johnson is the son of Dr. T. B. Johnson of Towanda, and is well and favorably known here. He holds the responsible position of mining engineer with a large mining company at Tonopah.

STATE'S BEST BUTTER MAKERS

Bradford County Farmers Head the List in State College Tests.

O. D. MOTT MADE THE HIGHEST SCORE FOR YEAR

L. H. Cooley of Burlington, Made Score of 92.66 Out of Possible Hundred, and H. W. Saxton of Granville Summit, 91.33.

The second year's Educational Butter Contest, conducted by The Pennsylvania State College, was completed with the February scoring. More interest was shown this year than last. Most of the contestants want the work continued and many new ones wish to take part next year.

O. D. Mott of Edinburg, formerly of Bradford county, made the highest average score for the year and won the silver cup. Ten others who took part each time will share a pro rata fund. The following sent each time and all have an excellent average, when we consider the quality of cream that some were obliged to take during the warm months:

Cooley, L. H., Burlington	92.66
Davis, D. H., Meshoppen	90.66
Dean, V. R., Rushboro	91.33
Gabler & Son, B. F., Greensboro	92.25
Marshall, W. D., Lyndell	91.00
Matthews, A. H., New Park	91.41
Mott, O. D., Edinburg	93.66
Niering, Theo., Wapwallopen	90.08
Reynolds, F. W., Mainesburg	91.41
Saxton, H. W., Granville Summit	91.38
Wivel, E. C., Fulton House	92.00

The plan of the test was for the college to send a five-pound tub and an entry blank to every butter-maker and dairy farmer in the state who wanted to take part. The college furnished the tub and paid the express both ways on the package, the butter being sold to pay this expense. The contests were held the latter part of each alternate month, making six for the year. The butter was judged at the different contests by the following:

P. H. Kieffer, manager of the butter department of Gude Bros., New York City; B. D. White of the Dairy Division, Washington, D. C.; C. W. Fryhofer, federal butter inspector at New York City; C. W. Larsen and F. P. Knoll of State College.

The butter was scored, samples were taken for analysis, and the score together with the moisture content of the butter was sent to each contestant. Each butter-maker was asked to fill out a blank giving the method used in making the sample. These blanks were carefully examined and suggestions were sent each contestant.

The object of the contest was to stimulate interest in butter-making, to improve the quality of Pennsylvania butter and to serve as a means of studying the water content and overrun of our butter.

Another contest open to creamery and farm butter-makers will be held this year under the same general plan. The first of these tests will be April 29th. All wishing to take part should write H. E. Van Norman, State College at once for tub and entry blank. Don't fail to give both postoffice and express office.

State College News.

The executive Committee of the Pennsylvania State Grange has accepted the invitation of the Pomona Grange of Centre county to hold the next annual meeting of the State Grange at State College. The date fixed is December 21-24. The Auditorium and Armory on the college campus afford unsurpassed facilities for the thousand who attend.

Farmers' Week at State College will begin Monday, Dec. 27, and close Jan. 1. The slight change in date this year is made on account of the date of the State Grange meeting.

The Winter Courses in Agriculture at State College begins Nov. 30, 1909, and close Feb. 25, 1910. These five courses bring a fine body of young men to the college each winter. No entrance examinations are required.

The annual convention of the Pennsylvania Millers' Association will be held at The Pennsylvania State College, Sept. 8-10, 1909. The College Experiment station has arranged to have some milling tests of varities of wheat made in co-operation with this association.

Split Foot With Axe.

Cleveland Benjamin of Durell, is laid up with a badly injured foot. While working for Jesse Coolbaugh last Thursday, he had the misfortune to strike his right foot with a broad axe, splitting it from the toes to ankle, and almost through. Dr. D. Leonard Pratt of Towanda, dressed the injury.

END OF SENSATIONAL TIOGA COUNTY CASE.

Scranton Doctor Acquitted of Charge of Criminal Treatment of Girl.

At Scranton last Saturday morning the jury in the case of Dr. Treverton brought in a verdict of not guilty. The doctor, who is one of the prominent physicians of that city, was charged with causing the death of Miss Helen Brock, better known as "Brownie" Brock, the daughter and only child of Mr. and Mrs. Thomas R. Brock, of Cowanesque, Tioga county. The Wellsboro Gazette gives the following account of the tragedy, a story from life's other side, as it were:

Miss Brock was a beautiful young woman of 20 years and was bookkeeper for her father, a manufacturer of sash at Cowanesque. Two years ago while on a vacation in Wayne county Miss Brock met W. F. Brown for the first time. They were first cousins. Brown didn't have much means, and Helen took him to her father's home, and as she had no brother made much of him. Brown had the freedom of the Brock home, but he proved a dastardly guest.

Brown admitted that in March, 1908, he wronged his cousin. On Memorial day he left her in shame and went to Carbondale to live with his sister. A few weeks later Helen wrote him and told him of her condition. On June 30 Miss Brock went to Carbondale on what was supposed to be a visit at the home of Brown's sitser. Brown took her to the office of Dr. Treverton in Scranton and three days later Miss Brown died at the home of Brown's sister in Carbondale.

As the funeral procession was on its way to the railroad station to take the train for Cowanesque it was halted by city officials and the body was removed to an undertaker's and an autopsy was held. Te physicians declared that the girl died from septicaemia, a form of blood poisoning caused by malpractice.

Brown was arrested. He told of Dr. Treverton's treatment and the doctor was arrested. The funeral moved on and pretty "Brownie" Brock was taken to the home of her parents and buried.

At the trial in Scranton last week Dr. Treverton put up an excellent defense and swore there was no malpractice. The interesting disclosure was that the autopsy showed Helen Brock was not in the condition she expected, and that she had no need to hide anything. It is likely the girl, through ignorance of the mysteries of life, was more scared than physically ill.

Brown, who was called as a witness for the prosecution, did not give testimony that would directly incriminate the doctor.

Recovering But Paralyzed.

The condition of Patrick Collins who is at the Packer hospital, Sayre, as far as the incision in his back is concerned is rapidly improving, and he will soon be able to go to his home in Lopez. Collins is the man who was injured by a fall of rock in the Murray colliery a short time ago. His back was broken and he was operated upon at the Robert Packer hospital. Pieces of the spinal column were removed but the spinal cord was found to be torn and as a result the lower part of his body will be permanently paralyzed, and will never be able to use his lower limbs again.

Mail Carrier Arrested.

Truman Roskelley, a mail carrier in the Pittston postoffice until last January, was arrested at his home in Thompson township, Susquehanna county, on Thursday on the charge of confiscating two letters containing $10 and converting the money to his own use. It is claimed that the letters were given to him to register and mail

An Unusual Charge.

Simon Stakulsky of Kingston had Abe Marcus arrested before Squire Vanhorn Thursday evening on the charge of being a common barrator or a person who brings numerous and vexatious suits against others. The defendant was held under $300 bail for his appearance at the Luzerne county court.

Impressive and Beautiful Services.

Impressive and beautiful indeed were the Holy Thursday services at the Church of SS. Peter and Paul. The singing of the choir, and the processional participated in by the pupils of St. Agnes school and the St. Agnes Guards, chanting a beautiful song was an impressive feature of the services.

CONTRACT SIGNED FOR SILK MILL

Interests of Bondholders Are Thoroughly Safeguarded in the Agreement.

NEW MILL TO BE BRICK AND OF HUGE PROPORTIONS

Equipment Will Be of the Best in Every Particular—Plant Will Be Located on the Old Frost Mill Plot at Charles and Poplar Streets.

The contract for the building of the big plant of the Seneca Silk Manufacturing company in Towanda has been executed by the trustees for the bondholders and the officers of the silk company and Norbert and John Hartley individually. J. C. Ingham, Esq., chairman of the board of trustees, received the document from New York yesterday morning.

This means that in three months from the first of May the Seneca Silk Manufacturing company will have completed the erection of a brick mill building 60x300 feet, and will have begun the installation of 150 looms therein. It is intended by the company to have some 300 operatives at work in the plant before one year from this date.

The new mill will in all probability be located on the plot at Charles and Poplar streets formerly occupied by the Frost factory, which with the addition of another small lot will make an ideal location. Negotiations for this land are practically completed.

The contract calls for the erection of a brick factory building 60x300 feet in every way suitable for the purposes for which it is intended, to be erected upon ground owned in fee simple by the company. It is to be equipped with power, light, heat, etc., and 150 silk weaving looms and auxiliary machinery. Both the Seneca Silk Manufacturing Company and John Hartley and Norbert Hartley individually, guarantee that the contracts for the erection and equipment of the mill shall be so made and recorded as not to be subject to lien of any kind or lease or contract of bailment.

The contract provides for the loaning by the trustees to the Seneca Silk Manufacturing Company, as follows: When the foundations are ready for the brick work, $3,000; when the walls are up and window and door frames set, $4,000; when the building shall be completed and the roof on, $3,000; when the power, heating plant, electric wiring, etc., is completed, $5,000; when 50 looms and their auxiliary machinery are installed and in operation, $5,000.

These bonds are to be secured by a first mortgage on the entire property. They will bear five per cent, be free from all taxes, and are payable in five, seven, nine and twelve years. The company reserves the right to redeem such amounts of the bonds at any semi-annual interest period as they may desire.

This cheering anouncement was made at the meeting of the Towanda Business Mens' association Monday night. There are yet about $3,000 of the bonds unsold. Secured as they will be they make an ideal investment for small amounts. The bonds will be issued in denominations of $100 and $500.

Work is to be commenced on the erection of the plant just so soon as the purchase of the site is completed.

SMITHFIELD BOY INJURED.

Picked Dynamite Cap With Pin, Causing Explosion.

Picking a detonating cap with a pin caused the cap to explode with violent force Sunday and Orin Usher, a 11 years old boy of East Smithfield had both his hands badly injured.

The boy's father had purchased some dynamite for the purpose of blowing out stumps and he had the detonating caps for use in exploding the dynamite. The boy found one of the caps and child like commenced an investigation. He picked it with a pin and it exploded. The first finger of his right hand was torn off at the second joint and his second finger was badly lacerated, a hole was torn in his right hand and a gash was cut in his left thumb. He was taken to the Packer hospital by Dr. Campbell.

What James Macfarlane is Doing.

This paper is in receipt of a communication from James Macfarlane, a Towandian, who writes from far off Seattle, Washington, to inquire about the Bermuda contest. On the reverse side of the card on which he writes is printed: "Macfarlane & Dickinson, 610 Marion Block, Seattle, Washington. Freighting and Towing. All points on Puget Sound reached by Our Boats." This is enough to indicate that "Jimmy" is up and doing things as usual.

SERIOUS ACCIDENT AT UPPER TOWANDA STATION.

Italian Fell From "Pickup Train" and Will Lose Foot as Result.

Pero Carbielo, an Italian laborer, jumped from a Lehigh "pick-up" train which was pasing upper Towanda on Tuesday morning, fell and received severe injuries, one of which will make the amputation of a foot necessary.

Carbielo, who is 29 years of age has been in this country but a few months and makes his home on Pratt avenue, upper Towanda. Tuesday morning he went to Sayre to look for a job and not being able to procure work, he boarded the pick-up train for Towanda When the train was in front of the upper Towanda station he jumped off, fell on his face, slid some distance and when he was lifted from the ground it was found that his face had been literally skinned, both eyes had been cut and one of his feet had been crushed near the ankle. It will probably be necessary to amputate the entire foot. He was taken to the Packer hospital. He refused to submit to an amputation and will have to be shown that amputation is the only thing to be done.

Dr. T. Ben Johnson attended the injured man at the upper station before he was taken to the hospital.

Accident at Laceyville.

Escaping with only slight injuries after being thrown from a wagon struck by the Black Diamond Express was the rare experience of David J. Griffin Monday afternoon. Griffin lives at Laceyville, and works in the creamery that adjoins the Lehigh tracks there. Yesterday afternoon he with another man named Carter, were driving across the tracks from the creamery. They had a team hitched to a buggy, when the west-bound Diamond came upon them full speed. The wagon was smashed, but the team escaped, and Carter was also uninjured. Griffin was thrown some distance but his injuries were comparatively slight, only the ligaments of the right knee being torn. He was taken to the Packer hospital by Dr. Sturdevant.

Captain Edmund Turner.

Edmund Turner of Towanda, is making a name for himself in State College baseball circles. He has been elected captain of the Junior team of the inter-class league of the college, and his team is expected to carry off the penant. The Juniors and other class teams are now played against the varsity every day. In a recent game against the varsity with their best pitcher in the box, Captain Turner banged out a three bagger and followed with a two sacker. He will probably make the varsity next season.

Divorce Decreed.

Mrs. Katherine Fisher, yesterday was granted a divorce from Henry Decker, on the grounds of cruel and barbarous treatment.

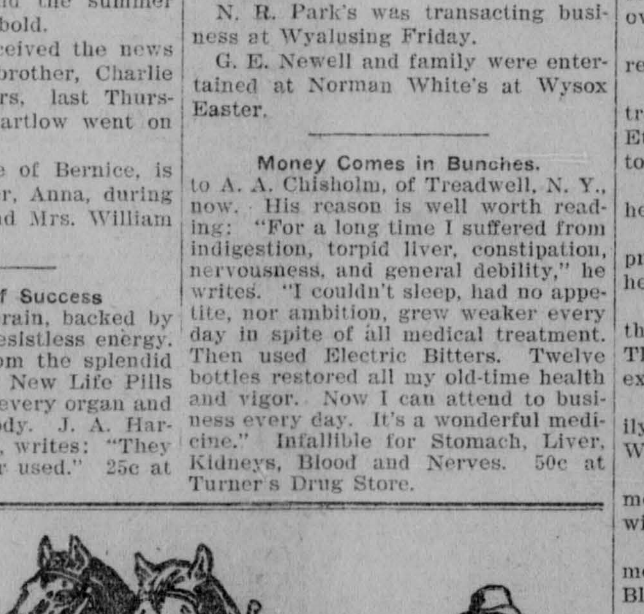
Now I can attend to business every day. It's a wonderful medicine." Infallible for Stomach, Liver, Kidneys, Blood and Nerves. 50c at Turner's Drug Store.

For Lameness in Horses



Much of the chronic lameness in horses is due to neglect. See that your horse is not allowed to go lame. Keep Sloan's Liniment on hand and apply at the first signs of stiffness. It's wonderfully penetrating—goes right to the spot—relieves the soreness — limbers up the joints and makes the muscles elastic and pliant.

Sloan's Liniment

will kill a spavin, curb or splint, reduce wind puffs and swollen joints, and is a sure and speedy remedy for fistula, sweeney, founder and thrush. Price, 50c. and $1.00.

Dr. Earl S. Sloan, - - Boston, Mass.

WORK OF THE GRIM REAPER

Christopher C. Burt.

Christopher Columbus Burt for many years a resident of Bradford county died at his home near Wellsburg on Wednesday morning March 31, 1909, after a lingering illness with kidney troubles. He was born in Ridgebury, Bradford county, in the year 1830, a son of the late David Burt. Thirty-six years of his life were spent on the farm at Bentley Creek bequeathed him by his father, the remainder of his life was nearly all spent on the old David Burt homestead below Wellsburg where he spent the past eight years in retirement and where he wished to die. He always held the place of his birth in the deepest regard and in no place was he quite so happy. He was of sterling character, a blithe and happy nature, genial and obliging, ever looking on the bright side of life. He drew around him a large circle of friends on whom the sad news of his death, though not unexpected fell like a somber shadow of an untimely night. He is survived by a wife and four children: Judd. Grace, and Lillian, at home and Harry of Bentley Creek; also two sisters, Mrs. Sue Sawyer of Wellsburg, and Mrs. Anna Gardner of Fenton, Mich; also three brothers: George W., of Hooper, N. Y.; John W., of Ridgebury, and Wm. H., of Wellsburg. Funeral services were held from the late home, Rev. C. W. Carter officiating burial in Mountain View cemetery, Wellsburg.

Jane Johnson.

Mrs. Jane Johnson, wife of Abraham Johnson, died on Friday, April 9, at her home at Monroeton after a long illness with pneumonia. Deceased was born on Hollon Hill 80 years ago, and her entire life was spent within a few miles of her birthplace. She was the mother of 17 children, five of whom, together with the husband and father survive. The surviving children are: Martin Johnson of Towanda, James and Andrew Johnson of Monroeton, Perry Johnson of Candor, N. Y., and one daughter, Mrs. Samuel Vanderpool of Owego. Nineteen grandchildren and 22 great-grandchildren also survive. The funeral was held at the house Sunday afternoon at 2 o'clock; interment in Cole's cemetery at Monroeton.

Funeral of A. S. Teichs.

Funeral services for the late Arthur Teichs were held at the home of Second street Friday afternoon and were very largely attended. The I. O. O. F. and Improved Order of Red Men of which deceased was a member attended the services in a body. Rev. J. S. Stewart, D. D., conducted the services. Interment was made in Riverside cemetery. The Odd Fellows had charge of the services at the grave, and the following members of that order acted as pallbearers: C. Obenauer, Otto Mayer, Edward B. Badger, Edward Walker, J. R. Jenkins and Henry Montgomery.

Funeral of Miss Donovan.

Funeral services for the late Miss Anna Donovan were held at the Church of SS. Peter and Paul Saturday afternoon at 2 o'clock, and were very largely attended. Rev. Hugh Ruddy, curate, was in charge of the services. Interment was made in the Catholic cemetery at North Towanda. Following were the pallbearers: Arthur H. and A. B. Burchill, Hugh Hogan, John Grace, John Fitzgerald, and M. S. Cronk.

Funeral of William H. Hawes.

Funeral services for the late William Henry Hawes were held at Christ church Wednesday afternoon at 2:30 o'clock. A large concourse of friends were in attendance to pay their last respects to one whom they had esteemed during life. Rev. Edwin A. Gernant, rector of the church, conducted the services. Interment was made in the family plot in Oak Hill cemetery. The pallbearers were: Geo. E. Searing, George Stevens, Ralph Kelly, H. M. Turner, William Putnam and Dudley B. Turner.

Miss Anna Donovan.

Miss Anna Donovan, a highly respected Towanda lady, died at her home on Bridge street Thursday afternoon at 1:30 o'clock after a long illness with pneumonia. She was born about 60 years ago in Rome township, the daughter of the late James Donovan. She had been a resident of Towanda for about 20 years. Surviving are two sisters, Mrs. William Cuffney and Mrs. Catherine Purcell. The funeral was held at the home Saturday afternoon at 2 o'clock, and interment was made in the Catholic cemetery at North Towanda.

William H. Sayre.

William Heysham Sayre, aged 78, second vice president of the Lehigh Valley Coal company, died at Bethlehem on April 7, from the effects of an operation on Monday. Mr. Sayre was one of the most prominent citizens of the Lehigh Valley, and had been connected with the Lehigh Valley railroad from its inception. He was a brother of Robert H. Sayre and was one of Asa Packer's right hand men.

John Lamphere.

The remains of the late John Lamphere were brought from Rush, Susquehanna county to Wysox Thursday where interment was made in the Wysox cemetery. Mr. Lamphere was engaged in blacksmithing at Wysox for many years, and was well known in that township. He was 84 years of age.

Mrs. Anna Elizabeth Schrier.

Mrs. Anna Elizabeth, wife of Louis Schrier, Sr., an old and highly respected resident of Athens, died at her home in that place at 11:50 o'clock Saturday morning from a complication of diseases after a long illness. Mrs. Schrier was born in Speckswenke, Hessen, Germany, Aug. 13, 1837, and for the last twenty-six years had resided in Athens. Besides her husband she leaves four soons: Louis, Frank Charles and William G., all of Athens, and two daughters, Mrs. Robert Zincke of Great Bay, Wis., and Mrs. W. R. Leers of Bogota, N. J.

Mrs. George Bartholomew.

Mrs. George Bartholomew of Ulster, died at the Packer hospital Sunday, April 11, at 11 o'clock from heart failure following an operation for appendicitis. She was taken to the hospital one week ago last night and submitted to an operation Monday morning, but her heart was too weak to withstand the shock. Mrs. Bartholomew was 47 years of age. Besides her husband she is survived by a son, Secord, and a sister, Mrs. Floyd Kellogg, of Sheshequin.

George Peet.

George Peet, aged 87 years and six months, passed away at his home in Cold Creek Monday, April 12, after a brief illness of pneumonia. Besides his widow, to whom he was married over 53 years ago, two sons, Edward of Cold Creek, and John Peet of Spokane, Wash., one daughter, Mrs. Nancy Coleman of Camptown, survive him. Funeral services were conducted at the house Thursday at 1 p. m.

Pauline Leonard.

Pauline Leonard, youngest daughter of Mr. and Mrs. Layton Leonard of Saco, died Thursday morning after a five hous' illness of acute indigestion, aged 22 months. Funeral services were held at the home Saturday morning at 9 o'clock. Interment was at Chemung, N. Y.

Mrs. Christine Strong.

Mrs. Christine Strong died Friday afternoon, April 8, at the home of her daughter, Mrs. Charles Gernert, at Columbia Cross Roads, following a short illness. Mrs. Strong was an aged and estimable woman of that village. Mrs. Gernert is her only daughter. The funeral was held Saturday.

Jenkins—Bellows.

Wilson Jenkins and Elma Bellows, both of East Canton, were united in marriage on Wednesday, April 7, at the M. E. parsonage at North Towanda, by the Rev. W. P. Miller.

MORE WELLS MAY BE DRILLED AT SOUTH BRANCH

Oil and Gas Leaser Inspected Field Yesterday—Favorable Outlook.

South Branch may be the scene of more oil tests the coming Summer. T. W. Warrington of Steubenville, Ohio, representing a Pittsburg company which leases promising land and makes tests for oil and gas, Monday made an investigation in the South Branch district, and considers it good territory for prospecting. He was accompanied on the trip of inspection by William Welch, who is familiar with the South Branch field, and is an expert oil man.

They visited the well on the Ridgeway farm, and also the one on the Harris farm. These wells were drilled in some ten or twelve years ago. Both wells showed both oil and gas yesterday when visited by Messrs. Welch and Warrington.

Mr. Warrington represents a company with a large capital, which is looking for new oil and gas fields. He will recommend to his company that the South Branch field is worth a test, and will do his best to secure an appropriation for that purpose. If the test is made it will be done with foreign capital, as Mr. Warrington made it plain that local money would not be needed.

Divorce Doings.

Mrs. Nellie Moylan of Athens, Monday was granted a divorce from her husband, John J. Moylan who is now in the county jail serving a 60 day sentence, having pleaded guilty last week to the larceny of a quantity of tools from the Lehigh shops at Sayre. He was sentenced under the name of John J. Moreland. His wife secured the divorce on the grounds of cruel and inhuman treatment, desertion, etc. She says in her bill of particulars that she was compelled to leave his home on account of his treatment; and that he left the home about the same time and never came back. Other allegations are made. Subpoenas in divorce have been awarded in the case of Jay B. Smiley vs. Blanch A. Smiley; Laura Reese vs. Irwin Reese.

Remarkable Recovery.

Michael Lynch of Hawes street, who has been laid up all Winter with a broken ankle, is able to be around on crutches. On Thanksgiving day Mr. Lynch while working with Port Northrup, was struck by a falling tree which they had cut. Both bones of one of his ankles were crushed and at first, as is generally the case, with such injuries, it was thought that amputation would be necessary. That Mr. Lynch is now able to be around, and will recover the full use of the limb is considered remarkable. Dr. D. Leonard Pratt set the fractured bones, and has been in regular attendance.

RESIDENTS OF GILLETT INHERIT LARGE FORTUNE.

George and Mary Wilson are the Beneficiaries of Their Uncle.

The fortune of about $50,000 each, which it was said some months ago George and Mary Wilson of Gillett, this county, were to receive by the will of their uncle, George R. Wilson, of Two Dott, Montana, has become available through the death last week of Mrs. Wilson. A brother of the Bradford county beneficiaries, William J. Wilson, living in Montana, was remembered for a like sum.

The estate is understood to be made up of cash and real estate in about equal proportions. As soon as the requirements of law can be complied with the money will be turned over to the brothers and their sister. George Wilson has a wife, whose maiden name was Dunning, and several children. He is a farmer living at Gillett. The executor lives in Elmira.

IT'S YOUR KIDNEYS.

Don't Mistake the Cause of Your Troubles. A Towanda Citizen Shows How to Cure Them.

Many people nevtr suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is just where the danger lies. You must cure these troubles or they may lead to diabetes or Bright's disease. The best remedy to use is Doan's Kidney Pills. It cures all ills which are caused by weak or diseased kidneys. Towanda people testify to permanent cures.

John Coats, farmer, North Towanda Pa., says: "Doan's Kidney Pills proved to be an excellent remedy in my case. I suffered from backache for a long time and finally other symptoms of kidney complaint developed I then procured a box of Doan's Kidney Pills at Dr. Porter's Pharmacy and they went at once to the seat of my trouble and gave me relief. I continued taking them and three boxes entirely freed me from the difficulties which had given me so much misery I cannot speak too highly in favor of this sterling remedy."

SENSATION EXPECTED IN THE COYLE CASE.

Man Gives Bail For Appearance at the May Term of Bradford County Court.

The arrest of Dr. A. L. Coyle, charged with practicing medicine and surgery in Bradford county without first having been registered according to law, has been the subject of much comment since the fact became known in Sayre and the Northern end of the county.

Dr. Coyle, who was taken in custody at Oil City, Pa., Thursday on a warrant issued by Justice Weller of Athens, came to Sayre last spring. He purchased the office equipment of Dr. A. H. Murray and the good will of the latter's practice and advertised himself a specialist in the diseases of the eye, ear, nose and throat. He was a tall, athletic appearing fellow, had been a surgeon in the regular army, was at one time center rush for a western college foot ball team, and he attracted considerable attention especially among the fair sex. Coyle was an excellent surgeon in his line but Sayre appeared to be too slow for him, so one day early last winter he departed, and his departure was much regretted especially by a score or more of creditors with whom he failed to liquidate.

Why Colye should have been arrested on a charge of having failed to properly register is a mystery. It is talked in Sayre, however, that this charge was made against him merely for the purpose of securing his presence in Bradford county, to answer for certain conduct which caused him to be roundly denounced by his former friends. Coyle was known as a high roller while in Sayre and several of his escapades have been common talk among those who were acquainted with him.

Coyle gave bail at Oil City for his appearance before the court of quarter sessions in this county next May, when it is expected that there will be developments of a decidedly sensational nature.

Miss Mary F. Crawford, after teaching a very successful term at the Ellis Hill school, has gone to the West Chester Normal school, where she will remain for the Spring term.

Mr. Moscrip Stuck to His Post.

Mr. Moscrip, senior representative from Bradford county, stuck to his desk in the house on Friday when there was a stampede and the wildest disorder among the members to escape to break a quorum which was wanted to vote on the school code. A similar scene occurred just ten years ago when inkwells and other missles were hurled at Speaker Farr when he attempted to count a quorum in the house and force the re-election of Quay to the Senate.

PASSED IN THE HOUSE.

On Monday night the lower branch of the state legislature passed the now famous school code. We are sorry to record it, and we are glad to be able to say that Bradford county's representatives—Messrs. Moscrip and Mills, voted against it. The code received but the narrow margin of three votes over the 104 necessary to pass it, the vote being 107 to 86. Of the 107 votes cast for the bill 55 were cast by Philadelphia and Allegheny. At this writing the bill is not yet passed in the senate, but the way for it there is said to be "greased." What the governor will do with it is not known. Opponents of the bill have hopes that he will veto it.

The school bill is one of the most important pieces of legislation that has been before the legislature this session. It constitutes an entire revision of the school laws of the state. There was so much of it and it was of such great importance that some time ago a majority of the members from outside of Philadelphia and Allegheny became convinced that it would be best to defer action on it until the session of 1911. This opinion has been greatly strengthened of late, since the numerous amendments have been made to it. In its present shape no one knows what the bill contains, as Mr. Moscrip said in a speech against it on Monday night. This is excellent and all-sufficient ground for opposition to the bill. The measure is one of vital importance, and should have careful consideration. But all of this cut no figure with the Philadelphia crowd. They know one thing about the bill, and only one, and that is all they care to know. They know that it contains a provision empowering the Philadelphia board of education to levy a five mill tax, and that the proceeds of this tax, on the estimate for 1910, will amount to between six and a half and seven million dollars, and that if the bill is passed they and their friends will have that much extra cash to dispense in the city government, to say nothing of the additional fund furnished by the loan features of the proposed code. With this prize in view what do they care whether the new school law is a good one for Bradford county, or any other county, or not? Absolutely nothing. They will take care of themselves, and the country districts—well, they may like it or not like it, and it will make no difference which. This is what passed the school code in the house. It remains to be seen what Governor Stuart will do.

THE REASON.

A great many cannot understand why the practical politicians of Philadelphia have been moving "heaven and earth" to pass the new school code. They are not a class of men who are commonly believed to be so greatly interested in educational matters as their almost superhuman efforts to pass this bill might lead one to believe.

The additional taxing power which the bill would give in Philadelphia is the secret of their anxiety to pass it. The New school code means more revenue for the city councils to handle, and more revenue is what the practical politician is after, every time. The city's board of education under the new school code would be empowered to levy a tax rate of five mills irrespective of the tax levied by the city councils, and this new tax would amount in 1910 to an estimated sum of between six and a half and seven million dollars. This fat prize for his own handling and dispensation is what the Philadelphia politician is working for. Moreover the new code would considerably increase the borrowing power of the city and that is additional grist to the politician's mill.

When the matter is looked into the fiery activity of the Philadelphia politicians nowadays in behalf of the city's educational interests is not so strange, after all. The public has known of such things before.

◆

During the past year or two we have heard much about the conservation of the natural resources of the country. Not a small part of the work of conserving these resources consists in getting the government's natural wealth back from corporations which have stolen it. Recently the government has recovered $100,000,000 worth of coal land from the Northern Pacific railroad in Montana. Also, not long ago the Union Pacific surrendered under pressure valuable mineral lands. This kind of theft was successfully consummated during a long period, and waking up and getting after the thieves came during the Roosevelt administration. The conservation of resources idea was, in fact, one of the most illustrious and beneficient features of that adminis-

Bradford county butter always was and always will be of the best. Our news columns this week show in the second year's educational butter contest, conducted by the Pennsylvania State College, Bradford county makers acquitted themselves with credit and stood high on the score. A former Bradford countian—O. D. Mott of Edinburg, made the highest score and took the prize—a silver cup, and L. H. Cooley of Burlington, had the next highest average—92.66. A Granville Summit maker—H. W. Saxton—was one of the leaders and scored 91.33. For many years Bradford county has been known as one of the graetest butter-making districts in the country, and it is gratifying to know that our farmers are not losing their skill and interest in the manufacture of this great staple product. The educational contests conducted by State College are commendable, and are being made productive of benefit to those who take part. The more Bradford county butter makers who participaate the better.

UPBUILDING THE TOWN

If a member of your family died, would you print the resolutions on a billboard?

If your wife entertained, would you send an account of it to the theater program man?

If you were going to enlarge your business, would you advertise it in a hotel register?

If you were going to have a wedding in your family, would you get out a handbill?

You would send such items to a newspaper, wouldn't you?

Then why don't you put your advertisements in a newspaper?

Every man who uses a billboard is adding to nature faking.

Every dollar spent in a theater program, in a register, in a directory or in a handbill is a legitimate dollar taken away from the newspapers of your town.

The newspaper builds your town. Why not help build up the newspapers? There is no better advertisement in the world for a town than a good newspaper. A newspaper is the barometer of the town's industry. Show us a good newspaper, full of advertising, and we will show you a good town, full of live merchants.

Billboards are an eyesore; handbills are a nuisance; theater programs are worthless; hotel registers, from an advertising standpoint, are ridiculous.

Newspapers are town builders, town advertisers, fortune makers, news disseminators, sermon deliverers, prosperity forcasters. They are a necessity, not a luxury. They must be main tained. Without them we would retrograde to the mediaeval days.

Don't patronize them from a charitable standpoint. Patronize them because they deliver the goods, that is, if they are the right kind.

Cut out the foolishness and work for the upbuilding of your town and state by upbuilding your newspapers.—Mineapolis (Minn.) Star.

The legislature has seen fit to refuse to authorize the enlargement of the state constabulary. We believe the legislature made a mistake in so doing. The state constabulary is a good thing and has "made good." The Scranton Tribune says: "State constabulary expensive? It cost the state of Pennsylvania a million and a half to settle for loss of property in the Pittsbug riot some years ago, besides paying for the service of several regiments of militia to put down the disorder. One company of the state constabulary could have nipped the trouble in the bud. Who are against the state constabulary? The game law violators, the country postoffice robbers, the cockpit promoters, the gamblers, the Black Hand and some of the members of the Pennsylvania legislature.

The Binghamton Daily Press was five years old last Saturday, and in commemoration of the anniversary issued a very well printed and well edited number. When established by the Kilmers, many thought that it would not live, that Binghamton had no room for another daily newspaper, but the many were mistaken as The Press still lives, is a very healthy five year old, and has a record for doing things which many newspapers five times the age could be proud of.

The Philadelphia Press believes that economy is the crying need of the hour in local, state and national administration. The Press has got it right and needn't guess again. We are great money spenders in this country, nationally, in the state, and locally. What the people need is economy. Being economical is "not as much fun" as being the other way, but it is healthier, and comes out better every way in the end. A surplus is always better than a deficit.

Lehigh Valley railroad stock is good to buy and good to sell, as some late results show. The official report of the Lake Shore railroad company shows that it made a profit of $3,472,000 on the purchase and sale of 114,000 shares of Lehigh Valley stock. The stock was part of the Packer estate holdings and was bought at $27.50 a share. The stock was sold last year, and none of it for less than much more than double the purchase price.

A CORRESPONDENT AND THE JUDGESHIP.

The Waverly Free Press has a Sayre correspondent who is posting the north end of the county on the approaching election of a Bradford county judge, and the rumors concerning the matter which he has not got hold of are "few if any." He tells that Thaddeus S. Hickok of Canton, is a candidate for judge and has been in Sayre sizing up the situation, and that his visit has caused a stir up there; that Mr. Hickok is the first candidate for judge to "come out in the open;" that it is commonly understood that Judge Fanning will be a candidate to succeed himself; that Judge Fanning has not made a formal announcement nor has he begun an active canvass, but that he is "keeping his ear to the ground." We note in passing that this correspondent has a habit of getting numerous persons' ears to the ground. Two or three weeks ago he had ex-congressman Kipp with his ear to the ground and his eye on congressman Pratt, who was at Washington, D. C. It is a difficult and uncomfortable position—this ear-to-the-ground pose, and when in addition to that the listener tries to watch someone else it is sure to result in a divided state of mind and faculty, and neihter the listening or the watching will be well done. We do not know whether Mr. Kipp and Judge Fanning have their ears to the ground or not, but we doubt it, for they both have good ears and can hear pretty well standing up. Anyway, any candidate for judge will not have to keep an ear to the ground long for judicial election rumors from now on are going to be loud enough to be caught on a wireless receiver. The correspondent continues to the effect that it is understood that there are several Bradford county attorneys who would like to succeed Judge Fanning, and that it is likely, now that Mr. Hickok has begun to build fences, they will shortly announce themselves; that Towanda will furnish at least one candidate and probably more, as there are several attorneys here who have occasionally let it be known that they were willing to accept the job; that ere many days candidates from other sections of the county will probably be heard from; that William Maxwell of Towanda, is in the hands of his friends, that he has an extensive law practice, and that he has expressed his willingness to enter the race, and that should he do so his scores of friends believe he will develop enough strength to win out; that two other Towanda attorneys have been mentioned as possible candidates, but that inasmuch as they have thus far been non-committal it would be unfair to mention their names at this time; that the office pays $5,000 a year for ten years, and that as in Bradford county a Republican nomination is equivalent to an election an "exceedingly red-hot fight" at the primaries is anticipated; that the primaries will be held one year from next June, and that the nomination of judge is the next important political event in Bradford county.

The Waverly paper's correspondent is surely somewhat of a news gatherer and will suffer no loss by reason of a tardy delivery of his goods in the market. The public will note Mr. Hickok's candidacy. We believe, with the correspondent, that there will be candidates from Towanda. A fact in connection with the coming judicial election is that an element in the Pennsylvania legislature is at this writing engaged in a strenuous attempt to boost the judge's salary from $5,000 to $7,000. We do not imagine that a move to increase the salary has as yet caused any increase in the number of candidates. Neither do we imagine it will tend to lessen the number. There surely was no lack of them before the salary boosting move was made. We need a good man for judge in Bradford county, and we have always had one. The compensation is now $5,000 a year and it is enough. There never was a scarcity of good men for the place when the salary was less than it is now. There will never be a scarcity of good men for the place if the salary remains what it is now. The bill before the legislature would cause an increase of judicial salaries in the state of something like $350,000 a year. It is entirely uncalled for and is disgraceful.

Results have been achieved in Bradford county politics by putting in a low bid. The taxpayers have been known to favor the candidate who cut prices and agreed to do the work for less than it had been done. Perhaps some of the candidates for judicial honors in the 42nd district, in this "exceedingly red-hot fight" which is almost at hand will think best before the battle is over to publicly pledge themselves to a lower salary, and thus give the taxpayers an opportunity to hawk the bench to the lowest bidder.

In the ideal town of the future, as pictured by Sir Oliver Lodge, the houses will have gas for heating by open fires and for cooking, and electricity for lighting. The gas, produced from the coal at the mine, will be sent long distances through pipes, as water is now distributed. It is hoped that the experiment will be tried soon, the burning of crude coal in town being absolutely forbidden, and at least two English towns are already considering the plan. The purification of the air is one of the greatest needs in the improvement of the conditions of city life.

Has criticism of a public official been the result of increasing that official's salary? Few of the men at Harrisburg have been more severely criticized than the Commissioner of Highways, and now a bill is pending, increasing his salary from $6,500 to $10,000. The Governors of forty-five States receive less htan that; forty-one receive less than is present salary, and only nine receive as much.

BETTER MEN THAN THEIR FOREFATHERS.

The athletic director at Yale University furnishes some interesting statistics comparing the physical conditions of students in 1909 with those of 1902.

Contrary to the notion entertained by some persons, that the development of wealth and luxury has been at the expense of physical stamina, the figures show in six years a decidedly better average of stature, weight, girth of chest and muscle.

The conclusion of the athletic expert, based on his general observations as well as on his statistics, is that "the young manhood of the country is sturdier and more perfectly proportioned than in former generations."

Thus another crimp is made in the false reasoning of those who love to decry modern conditions and talk of the "good old days" when they would try to make us believe, everything was so much better than now, says The Harrisburg Telegraph.

Notwithstanding the gloomy contentions of the confirmed croaker mankind is becoming healthier, happier and in every important respect better than ever before, and the improvement will continue as the shackles of ignorance and animality are broken, and higher ideals of life bear fruit in better living.

WOMAN HAS VERY THRILLING EXPERIENCE

Mrs. John Packard of South Mountain, Found in Half Dead Condition.

Much excitement was occasioned in the Western part of Bradford county Saturday by the strange disappearance of Mrs. John Packard, who lives on the side of South Mountain, south of Canton, and who was later found in a dazed condition in the big woods near where she disappeared. Mrs. Packard drove to Wheelerville with her daughter and started for home alone. A party of men working on the road near the Batey place saw Mrs. Packard drive by and enter the forest beyond, and shortly afterwards the horse attached to the wagon passed the Fitzgerald place, Mrs. Packard having disappeared from the wagon.

Whether she was held up or fell from the wagon and wandered around in the woods the two days and nights before being found is not known. Mrs. Packard had $90 on her person, it is reported, and possibly it may have been a robbery. The whole region was thrown into a frenzy of excitement and although the country is sparsely settled a large number immediately took up the search.

Many people from the Canton side of the mountain joined in the hunt. The trial was taken up and followed for three miles down the Shraeder Creek toward Laquin, but here it was lost. Monday in the renewed search Mrs. Packard was found in the woods near the spot where she was supposed to have disappeared and reports say she was in a dying condition, having suffered from exposure. She has not been able to give any information which would throw any light on the strange occurrence, which has created excitement in the neighborhood Particulars as to whether the money on her person was taken were not learned.

Powell Disturbance Case Ended.

S. H. Smith, Esq., representing the prosecution, and David E. Kaufman, Esq, representing the defendants, on Tuesday before 'Squire Orcutt argued the case in which Harry Eddy, Clinton Crawford, Harry Crawford, Percy Allen were charged with disturbing a religious meeting in the Powell M. E. church. At the close of the arguments, the Squire discharged all the defendants except Harry Eddy, who withdrew his plea of not guilty, and entered one of guilty. He was assessed the costs amounting to $5 which he paid and the case is ended.

Messrs. Moscrip and Mills Voted No.

Messrs. Last Week of Legislature.

This is the last week of the Pennsylvania legislature for 1909 and the end of the session approaches with but 350 bills passed finally in both houses and most of the members of the two branches in a state of more or less excitement over the school code. Open war has been outlined against this measure and four or five other bills in which much interest has been shown during the session so that not only their fate, but that of other important bills is in the balance.

Man and Wife Reunited.

An incident somewhat out of the usual occurred on Tuesday, when Hiram H. Howley, of Lake Carey, made application at the prothonotary's office for a marriage license for himself and Sarah A. Hawley. The couple had been married in their younger days and raised a family, but became estranged and finally were divorced. In December last Hiram Hawley procured a license to marry Myrtle Strickland, but for some reason the wedding never came off, and when Mr. Hawley applied for license to marry his divorced wife this week, he pulled the former license out of his pocket and surrendered it.

At Head of Class.

Says the Ulster correspondent of the Athens Gazette: Oscar Bradley, a former student of the Ulster High School and a clerk in the drug store at this place but who is now attending the Philadelphia College of Pharmacy, stood at the head of his class in midyear examinations. Oscar is eighteen years of age and many in his class were nearly twice as old and this speaks pretty well for him. He is a very bright young man and his many friends predict a very bright future for him and wish him great success in his chosen work.

Did Not Miss a Day.

Mary Smith, a girl ten years old, deserves mention by being the only pupil at Ballibay school, Herrick township, who attended school every day for a term of seven months, and lived a mile from the school.

THE GAINES FIELD TO BE FURTHER TESTED.

Twenty Additional Holes to Be Bored in Tioga County Soil.

A news dispatch from Gaines, Tioga county says: Residents of this place are elated by the announcement that twenty oil and gas wells are to be put down on lands of the Billings estate here this Spring, and hope that there is no "flareback" to it. The Gaines oil field, the only one in Tioga county, is believed to come from a feeder, and to find this feeder is the aim of the search.

It seems strange that a strip of land about a quarter of a mile long and three-quarters of a mile wide here should produce all the oil. But it does, and the South Penn and Atwell have thirty or more wells being pumped and yielding good flow.

The oil is found at a depth of about 800 feet in sand called "Atwell," a new one and named after a merchant of this place. Wells have been drilled deeper, but without result outside of this strip. There was the "spirtual well" said to have been located by an Elmira, N. Y. medium, which was to go down 5,000 feet. It went over 4,000, however, and no grease was found, and because it did not go the entire depth a suit is now on against the drillers, who live in McKean county.

The gushers obtained by the Blossburg and Wellsboro men that poured out hundreds of barrels a day are recalled, but they soon ceased their flow and visions of wealth faded. Blossburg could have sold for a handsome sum to the Standard, but they were so sure that they had a big thing that they held on and only to lose. Wellsboro invested about $30,000 in the field and came off beaten with not more than half that amount.

It is only the little strip mentioned that has ever paid and that has pumped steadily. If the Billings estate by one of the twenty wells should locate the long-sought pool from which this field is evidently fed there will be something doing this year here and the busy times of ten years ago may be repeated.

WYSOX TOWNSHIP SCHOOLS WILL BE CONSOLIDATED.

New School House to Be Built at Wysix—High School Added.

The school directors of Wysox township have taken a step forward in the right direction. At a meeting held on Wednesday evening of last week with Frank Allis, it was decided to consolidate all schools in the township into one school at Wysox Center. Work will be commenced as soon as possible on the erection of a fine school house at Wysox Centre which will accommodate all the children in the township. It will be graded, with a high school, and a course of studies the same as in Towanda and other boroughs, making it one of the big schools of the county.

All the schools will be discontinued at the close of the present term, and next Fall, the pupils will be cared for at the Wysox Centre school, in the new building which will be ready for occupancy by that time. These schools are the ones to be consolidated: East Towanda, Laning, Pond Hill, State Road, Myersburg, Shores Hill, and Wysox, seven in all.

The pupils now attending these schools, will be conveyed to the big school at Wysox Centre in carriages. These conveyances will take the children from all sections of the township to Wysox, and back home again at the close of each day's sessions.

Brook Trout Chokes to Death.

The cannibalistic tendencies of a twelve inch trout in the private pond of Attorney J. F. Stone, at Brookland, was responsible for its death, when it attempted to swallow a fish of its own variety, seven and one-half inches in length. The incident also proves, contrary to the argument of some fishermen, that large trout do eat their own kind after they have grown larger than what are commonly known as fry. The dead trout, with half of its victim protruding from its mouth, was found by a Wellsville man, who took it home with him and now has it on display.—Potter Democrat.

Rural Carriers May Get Increase

Rural mail carriers will come in for a little extra compensation if a bill introduced in Congress becomes a law. It provides that $250 per annum additional be allowed for the purchase and maintenance of necessary horses, wagons and equipment. In the average country districts this small allowance will be none too much, for the wear and tear upon a carrier's outfit as he travels over the rough roads and in all kinds of weather is very great, and at the present meagre salary he is lucky if he comes out at the end of the year with his head above water, as it were.

Peculiar Disease.

Six cows died near Lawrenceville in one day recently of a mysterious disease. A Harrisburg veterinary was summoned and allayed the fear of owners that it was the foot-and-mouth disease. The cows lie down and refuse to get up. Their appetite is good, they drink and chew their cud, but seem powerless to rise after once getting down.—Wellsboro Gazette.

FARMERS GO ON STRIKE AGAINST CREAMERY PRICES

Dairymen in the Vicinity of Nicholson Kick on Milk Prices.

Says the Montrose Democrat: "We hear of all kinds of strikes these days, from workingmen who do not like their bosses nor their pay, down to school children who make a kick on their discipline and teachers, and now comes a strike by the farmers.

"The farmers furnishing milk to the creameries at Nicholson, did not like the terms they had to sell their milk upon the coming year, and Wednesday morning when they brought their product to the creamery and was told they must take less than last year, they all took their milk back home and said they would keep it rather than sell it at the prices offered.

"We understand that the contract for the past year has been 3 cents per quart for six months and 4 cents for six months, but this year they were told they must take less, and while they have even thought they ought to have more.

"The farmers say it is impossible to furnish milk with the present prices of feed as high as they are, at least not at a lower price than they have been getting. In an interview with one farmer living near Montrose, who keeps ten cows, he said, that his feed bill came within two or three dollars of the total amount received for his milk.

"The territory affected by the strike at Nicholson is a large one, covering in some directions as far out as ten or twelve miles, including a big scope of country.

"The Lackawanna Dairy Co., (Condensery) as just erected a splendid new plant at Nicholson, as has also Nicosian Bros. They will both be poor investments unless they can get milk, and the outcome is interesting."

NEW LINE TO MONROETON.

Fairview Telephone Company Ready to Make Extension.

Arrangements for the extension of the Fairview telephone line into Monroeton are now all made and work will begin on the line at once says The Enterprise. About twenty residents of Monroeton and Powell are about to become members of the company, the new members to constitute a section by itself.

A central office will be maintained in Monroeton where connections will be made with the main line and also with the lines of the Bradford County Independent Co. The latter company will furnish long distance service to most of the important points in Pennsylvania and New York.

The Bradford County company operates a line beween Towanda and Canton and has a dead pair of wires reaching to West Franklin that were strung some time ago. These wires will be taken over by the Fairview, who will pay pin or pole rental to Monroeton and the new section will be connected with the main line at that place. This will give a connection with the main line as soon as the local 'phones are installed.

It is understood that the Bradford County company will turn over its local business in Monroeton to the new line and that they will sell the Fairview the poles and wires now standing on the side streets in Monroe boro. The rate for messages to Towanda will remain at 5 cents, the price established by the Independent company some time ago.

Many Interested.

The Review's Marathon race from Towanda to Monroeton and return on old home day, June 25, as announced in yesterday's paper, has aroused interest in all sections of the county. Yesterday several young men called at the office and there were a number of phone calls inquiring for further particulars. If the interest increases there is no reason to doubt but what there will be a large number of entries and the race will be a big success. Those who think they can run nine miles should send in their name to The Review and then start training. The first prize will be worth winning.

Have Formed Partnership.

M. A. Middaugh, who has been conducting a carriage and wagon business in Towanda, has formed a partnership with Jesse Schoonover, and the firm name will be Middaugh & Schoonover, They have leased the store room formerly occupied by A. D. Hatch, and have doubled the stock of carriages and wagons formerly carried by Mr. Middaugh. Both gentlemen will give their entire attention to the business, and push the sales in every section of the county.

Auto Livery For Towanda.

W. C. Gore who has been connected with the compressed air renovator, has opened an automobile livery in Towanda, and will make his headquarters at Manville's garage where he may be reached on the Bell phone. Mr. Gore proposes to conduct a first class livery, and will have dependable machines to carry patrons.

Church Taken to Fort.

Lewis E. Church, the young man who deserted from the United States Army three years ago, and was taken into custody in Towanda last Saturday, has been turned over to the military authorities at the fort near Buffalo by Chief of Police Miller.

Ticket Sale For "Private Secretary."

Tickets for "The Private Secretary," which is to be given by home talent in the Keystone opera house on Friday evening, April 16, will go on sale at Kirby's drug store Wednesday. morning. The prices are 25, 35, 50 and 75c.

WARNING TO THE ROAD SUPERVISORS.

Organized Movement Will be Made to Enforce Index Board Law.

An organized movement will be made this season in Luzerne, Lackawanna, Susquehanna, Wyoming and Bradford counties to enforce the laws regarding index boards and the failure to remove loose stones from the roads.

Extracts from the law are given in another column and every road supervisor should preserve the article and see that the law is properly observed There is no telling when some careless supervisor may be made to dig down in his jeans and produce his fine, as the township or borough does not have to stand for it. Due and timely notice is given in the newspapers and if any supervisor has to settle he has no one to blame but self. A word to the wise ought to be sufficient. Here is the law:

Sign Boards.

From Act approved June 13, 1836.

Sec. 61. The supervisors aforesaid shall cause posts to be erected at the intersection of all public roads within their respective townships (where trees are not convenient) with board firmly fixed thereon, and index hands pointing to the direction of such roads, on which boards shall be inscribed in large and legible characters the name of the town, village or place to which such roads may lead, and the distance thereto, computed in miles.

Sec. 62. If any supervisor shall, after ten days' personal notice, neglect or refuse to put up or keep in complete repair, index boards as aforesaid, such supervisors shall, for every offense, forfeit and pay a sum not exceeding twenty dollars.

Sec. 69. If any person shall wilfully destroy, deface or injure any guide post or index board erected at or near any public road......such person shall, for every such offense, forfeit or pay a sum not less than five dollars, nor more than fifteen dollars.

Loose Stones.

Here is another section of the road laws which should be enforced:

From Act approved July 2, 1901, amending the Act of May 2, 1899.

Sec. 1.....From and after the passage of this Act, the township supervisors and road commissioners of the several townships within this Commonwealth shall, by contract or otherwise, remove and take away the loose stones from traveled roads or highways in such townships, at least once each month during the months of May, June, August and October in each year.

Sec. 2. In case of neglect or refusal of the supervisors or road commissioners to carry out the provisions of the first section of this act, they shall forfeit and pay for every such offense, neglect or refusal a fine or penalty not exceeding ten dollars, to be recovered by action of debt in the name of the Commonwealth, before any justice of the peace or alderman of the county, with costs of suit. One-half of such fine to go to the informer or prosecutor, and the other one-half to be applied to repairing the roads or highways of the township.

Work Commenced.

Work was commenced this week on the proposed railroad extending from Nordmont to Ricketts. Over one hundred foreign laborers arrived in Nordmont recently to engage in the work of grading. The road will be used exclusively for shipping wood to the acid factory at Nordmont and will be put into service as soon as a few miles of track is placed—LaPorte News Item.

Another Old Book.

Saturday's Daily Review described an old book owned by S. H. Sperry of Sayre, 117 years old. O. D. Campbell of this place came down Mirror avenue Monday and showed us a volume of Mill's Husbandry, printed in 1767 and sold to Richard Reynolds the same year. This book is 142 years old, printed in the old style, using "f" for "s" and is certainly amusing reading in these 20th century days—New Albany Mirror.

Masterly Address.

Says the Athens News: "Dr. E. M. Mills, pastor of the First Methodist Episcopal church of Towanda, gave a masterly address Friday night to the Methodist Brotherhood taking for his subject "The Withered Hand." One hundred men were present to hear the address. Mr. Frailey and Earl Crum furnished music with cornet and clarionet. After the program ice cream and cake were served."

Mary Quite Contrary.

Mary Johnson who claims to have originated in Towanda, is causing all sorts of trouble for the authorities, in Binghamton, the parlor city They won't have her at the house of refuge, the hospitals don't want her and no jail seems to fit her, so there is food for deep thinking on the part of those whom she is pestering.

Towanda Poetess.

"Sweet Violets," the beautiful verses in Saturday's Review, which caused so much favorable comment, is from the pen of Mrs. J. B. Moody, of Locust avenue, Towanda, whose talents in this line is becoming widely known. This is the third poem from Mrs. Moody's pen to be published in the columns of this paper.

EVERY DAY IS VOTING DAY IN THE BERMUDA CONTEST

A Trip That One Will Look Back Upon in After Years With Pleasant Memories. Worth While to Win.

When depositing or mailing clipped coupons, contestants and their friends are asked to see that the bundles of ballots are securely tied or placed in envelopes with the number of votes they are sending written on the top coupon in order to facilitate their counting. When voting them in this manner the contestants name need not be written on each separate ballott, thus making less trouble in their preparation for being voted. Be sure you prepay all necessary postage on coupons sent to this office.

The chief point of interest in the Bermuda Islands popularity voting contest has shifted from Towanda borough to the outside territory in the county. Several young ladies in the western and northern part of the county have entered the contest in earnest and are piling up the votes at a rapid rate. In fact the race outside District No. 1 sems just to have begun, but it has started off with spirit. One young lady sent in ten new Reporter-Journal subscriptions in one day—12,000 votes; another sent in two new weeklies and four weekly renewals.—10,400 votes.

It is aesy if only a little hustle is put into the work, and subscriptions are secured many times where least expected. There are several thousand people in Bradford county who do not take either The Review or The Reporter-Journal. Every one of them ought to be a regular reader of one of them. The chances are they will become subscribers if some young lady approaches them on the subject.

It has been said many times that as a matter of course the choice of a chaperone will fall to some of the young lady contestants in Towanda borough. That is deciding the question altogether too far in advance—counting the chickens before they are hatched, in fact. It is entirely within the probabilities that some young woman living enteirly outside of any of the "centers of population" of this great county may win the honor of naming the seventh person to take this great trip.

There are still five weeks ahead—and wonders may be performed in five weeks—if you hustle.

The standing of the contestants today is an interesting exhibit.

EAST SMITHFIELD.

Miss Nellie Chaapel made a brief visit among her old friends here last week. She has been living in Eastern Maryland with her grandfather, Samuel Gladding, for the last ten years.

Born recently to Mr. and Mrs. Gilbert Kingsley, a daughter.

Miss Clarene Jones, who is teaching in New Jersey, spent last week with her parents.

Rev. L. E. Lewis of Lisle, N. Y., preached in the Congregational church last Sunday at both services. He is a candidate for the pastorate.

Mrs. A. B. Scofield and children spent last week in town.

Mrs. John Cleveland is rallying from a severe attack of grip.

James Dibble had the misfortune to cut his foot, and Giles Seeley his thumb, last week. Both wounds required the attention of a surgeon.

Prof. Dimmock began a teachers' class on Monday.

Miss Mabel Riggs of Elmira, has been home for a week.

Miss Anna Adams has returned from Ohio, where she spent the Winter.

Clinton Holcomb, a former resident of this township, has returned to his home at Cedar Rapids, Iowa, after a visit of several weeks here.

EAST TROY.

Miss Alma Lament, daughter of James Lament, is seriously ill with typhoid pneumonia.

The Young People's club will hold a measuring social on Friday evening at the M. E. parsonage.

W. W. Brooks received 80 postcards on his 61st birthday last Saturday.

The people of East Troy enjoyed a splendid lecture on Wednesday evening of last week, when Dr. Byron W. King of Pittsburg, gave his celebrated lecture, "Eyes that see not, and ears that hear not." He was greeted by a full house. Miss Lucia Loomis won one of Dr. King's books by selling the largest number of tickets.

The graded school closed on Friday afternoon, with exercises held in the Baptist church. The drills, songs, recitations, etc., were finely given showing great care on the part of the teachers and much hard work on the part of the pupils. Principal Stethers and his assistants, Misses Smith, Parsons and Saxton, have given splendid satisfaction to the patrons of the school, which is one of the best country schools in the county.

Five men walked into a gambling den in Utah the other day and held up the "deck hands" taking all their money. Ain't it something awful to be wicked.

"THE CRUCIFIXION" AT THE EPISCOPAL CHURCH

Sir John Stainer's Beautiful and Pathetic Cantata Excellently Rendered.

Friday evening in the Episcopal church before a large and appreciative audience. Rev. John Stainer's great and pathetic musical representation of the awful and solemn tragedy of the first Good Friday was rendered by a choir of 31 voices. This is indeed a truly great work, and as all present will acknowledge, was excellently rendered. All taking part may congratulate themselves on having provdied one of the most excellent musical treats ever enjoyed in Towanda, and it is hoped that other works of a similar character will be prepared in the near future, for Towanda's music loving public.

The attention of the whole congregation was held enthralled from beginning to end and it was shown that Towanda people still love deep, pathetic and classic music. In spite of all said to the contrary, that they still have hearts capable of being touched to their deepest depths. The work as a whole impresses one with its deep pathos and solemnity, the deserted figure of our most Holy Redeemer praying alone in Gethsemane, the glad majestic chorus of the crowd singing the triumphal enery of the Saviour into the Holy City in "Fling Wide the Gates," truly typified the entrance of a King. Then the trial before Pilate and the bitter hatred of the Jewish leaders and the condemnation are finely represented. This is followed by the crucifixion on Calvary and the three hours darkness finely represented by an impressive organ solo, succeeded by the "Last Words from the Cross," followed by the impressive appeal: "Is it nothing to you all ye that pass by," and a recounting of all the Saviour had done and was doing for those who crucified Him. The final chorus of this appeal was truly pathetic in its reality, and must have greatly impressed the congregation by its intensity. On the whole it was a truly great work, finely rendered.

The chorus work was grand, the members answering promptly to the baton of the excellent conductor, Mrs. W. J. Ruggles, and bringing out in impressive style the deep pathos of the first chorus in which it is shown that the "Agony" was for us. The second chorus "Fling Wide the Gates" was rendered in truly majestic style, the congregation being literally carried along in the triumphant procession. In the last great chorus "The Appeal of the Crucified" the climax was reached in the cries of the infuriated mob as it yells its "Cruicify! Cruicify!" which is the one reply to the Saviours tender appeals, "Is it nothing to you all ye that pass by?" "Oh! come unto me! for why will ye die".

Miss Pearl Lauderbach was heard to excellent advantage in the Solo "King Ever Glorious," truly a fine composition, and also in the earlier number. "How sweet the grace of His sacred Face.". William Fisher brought out the full pathos of the Saviours' cry for sympathy "Could ye not watch with me?" Also in the bass solo "Is it nothing to you?" Walter E. Dayton also did excellent work in various recitatives, perhaps the most difficult parts of the whole Cantata.

One of the most impressive numbers was the duet for tenor and bass "So Thou liftest Thine Divine Petition" most excellently rendered by Messrs. Dayton and Fisher.

All the numbers, solos and choruses were well sustained and filled out by the excellent organ under the playing of W. R. Sewell, the organist of the church. A common fault in works of this character, of the organ drowning the voices, was carefully avoided The beauties of this fine instrument were well brought out in the grand Organ Solo "The Procession to Calvary."

On the whole the rendition produced fine impression, and it is hoped a substantial sum of money will be realized for the Packer hospital for the benefit of which worthy institution the work was produced. Towanda owes its thanks to the singers and all concerned for the opportunity thus given of hearing this excellent Cantata.

Improving His Store.

James H. Carman, the well known plumber, is improving his place of business in the opera house block by painting, papering and beautifying the interior and putting everything in good shape. The interior of the store is being changed, and the store room which has been used for the storage of stock is being fitted up for a show room where, bath tubs, wash stands and other articles sold by Mr. Carman will be displayed.

The Oldest Book Yet.

P. C. Gori has a book which is much older than any yet brought to light in this county. It is entitled "The Golden Chain of Psalms" and was printed in Paris in 1520. It is in Latin, and a peculiar fact in connection with the book is that it was copyrighted by royal decree. It is printed in old gothic in two colors.

Road Viewers Appointed.

George W. Kilmer, George W. Scoville and Walter Scott have been appointed viewers to inspect and fix damages to the land of G. G. Summer in Pike township, caused by the opening of a road through said lands.

J. T. McCOLLOM LIKES CONGRESSMAN C. C. PRATT.

"I'm From Bradford County" Was All the Introduction Necessary.

Troy, Pa., April 12, 1909.

To the Reporter-Journal:—

A little business trip to Washington brought the writer into contact with our new congressman, Hon. Charles C. Pratt.

Having met him only once before I did not expect that any ardent friendship warmed his heart towards me. The fact that I was from Bradford county was however sufficient to make him my friend. Through his secretary, Mr. Dubois, he extended me every courtesy desired. Personally he is a busy man, and continually on his job. He allows no person or event to detain him from attendance upon every session of Congress, and his vote will be conscientiously recorded upon every issue before that body. Col. Pratt impresses one as an earnest, candid man, thoroughly equipped for his official duties, and full of desire to perform them well and impartially for his constituents.

He intimated very plainly that Bradford county would receive his best attention in common with the other counties of his district. Anyone having occasion to be in Washington while Congress is in session will receive all the kindness and courtesy from him that can reasonably be expected from a busy man. His first care will be public duty and after that anything in his power for every citizen of his district. Time will prove him to be a wise choice by the people of the old Wilmot district.

Yours sincerely,
J. T. McCOLLOM.

L. MARKS, THE CLOTHER, PURCHASES BUSINESS BLOCK.

Becomes the Owner of the Solomon Block on Main Street.

Another important real estate deal was consummated in Towanda Thursday, when L. Marks, the clothier, purchased of the Morris E. Solomon estate the block which is occupied by J. A. Decker, clothing and gents' furnishing goods dealer. The building is of three stories, constructed of brick, and is considered one of the best business blocks in the county seat.

Mr. Marks has been conducting a clothing and gents furnishing goods store in the McIntosh block at the corner of Main and Bridge streets for many years, and has been very successful, always enjoying a good trade. He has great faith in the future of Towanda, and acquires the Solomon block as an investment. He has his present quarters leased for a term of years, so will make no change. J. A. Decker, who conducts a clothing store in the block purchased by Mr. Marks, will continue to occupy the main store room of the building.

BRADFORD COUNTIANS DINE IN PHILADELPHIA.

Third Annual Dinner of Bradford County Society Thirsday Night.

The third annual dinner of the Bradford County Society of Philadelphia was held at the Hotel Normandie in Philadelphia Thursday night. There was a large attendance, including several from the county.

An excellent menu was served in elegant style, after which the following program was observed:

"Great Men of Bradford County..
......George B. Somerville, Esq.
"Bradford County from '61 to '65"
............Capt. J. Andrew Wilt
"Why We left Bradford County"
........Hon. Robert S. Edminston
"The Ladies"....Albert Morgan, Esq.
"Morality of Bradford County"..
......Rev. Edwin Ellsworth Riley
"Old School-days"..............
...........Dr. Wilson E. Van Loon
Original Poem....Miss Eliza Arnout

Following are the officers of the society: W. C. Brister, president; H. A. Stiles, vice-president; E. J. Kerrick, vice-president; C. J. Marshall, secretary and treasurer.

They are Training.

Says the Sayre correspondent of the Waverly Free Press: "Several young Sayre athletes are arranging to go into training to enter the abbreviated Marathon race which is to be pulled off at Towanda on June 25th. Therefore, if you see a young man walking rapidly along the thoroughfares of Sayre, with his fists tightly clinched and his shoulders thrown back so far that he leans over backward, you can safely wager that he is in training for the event."

Pension Came too Late.

A pathetic incident in connection with the death of E. H. Harris at South Branch on April 1, was that on that very day a few hours before the spark of life flickered out, he received notice that his special claim had been allowed and he would receive an increased pension of $30 per month.

Mr. Ericsons Old House.

Go see it, it's a beauty. It stands out among all it's neighbors, because the coloring is so bright and clear. Mr Ericson painted with L. & M. Paint and says it cost 1-3 less than ever before. He bought only 12 gallons of L. & M. Paint and 9 gallons of Linseed Oil to mix with it. This made 21 gallons of pure paint, and cost only $1.20 per gallon. It's as handsome as the finest in town. The L. & M. is sold by Spalding Hardware Company, Towanda, Dewey Bros., Gillette.

NO WONDER SHE'S CROSS.

The woman who has a thousand petty cares and annoyances while she sufferers with headache or sideache must not be blamed if she cannot always be angelically amiable. What she needs is thoughtfulness from her family and such a simple and natural remedy as Lane's Family Medicine, the herb tea that makes weak women strong and well. Sold by druggists and dealers, 25c.

EIGHTY-EIGHT BRADFORD COUNTIANS AT MANSFIELD.

Spring Term at the Mansfield Normal School Largely Atended.

The Mansfield State Normal school opened its spring term very auspiciously on Monday, March 29, with a decided increase in the enrollment of the school, 64 new students having engaged rooms for the term. Numbers, alone, however, do not indicate fairly the condition of the school. While the growth in quantity is satisfactory, the improvement in quality seems to be equally marked, and the pleasant atmosphere of the school is most gratifying. With an interested body of students such as are found in this school, the term's work should prove eminently successful in every particular.

Following is a list of the pupils from Bradford county, registered for the present school year at the school: Grace L. Barnes, Howard Biles, Minnie Billings, Reed Bosworth, Kathryn Brink, Pauline Brown, Julia H. K. Browning, Leah Bube, Francis Bride, Lora M. Bushnell, Lula J. Card, Fred E. Carrington, Andrew Codding, Margaret Collins, Winifred A. Collon, Esther Cooper, Glayds Cooper, Harold Cornell, Grace Corson, Eugene E. Crediford, Beatrice Crum, Maude Cunningham, Ruth Davis, Grace Durand, Edna Dyer, Josephine Dyer, Helen Edmiston, Bessie Estelle, Marcia Fitzgerald, O. J. Furman, Laura Gilbert, Mary A. Grimes, Rollin E. Howe, Agnes Horton, Prentice W. Hibbard, Christine Irvine, Mary A. Jewell, Ethel M. Kingsley, Florence Kingsley, Ethel Lane, Blanche Lane, John L. Leahy, Inez H. Light, Maude Light, Mae McClure, Ethel McDaid, Nellie F. Mapes, George Matthews, Jerusha Matthews, Clara Moody, S. Marjorie Moody, Geo. T. Mosher, Curance Mott, Leroy V. Murphy, Thomas G. Murphy, Helen Nippard, Mame Ormsby, Peckham Winifred, Austin Prutsman, Nellie Rockwell, Madge Lorene Ross, Ruth G. Sexton, Ella Selleck, Lula Selleck, Donald B. Sherman, Emma Smith, Halene Smith, A. Marie Smith, W. Carlton Stevens, Rilla Stone, Shirley Soper, Nelson Watkins, John T. Wheeler, Andrew Whittaker, John R. Weldy, Frank Atwood, Lena Beardslee, Virginia Boyd, Florence Camp, Lula Card, Belle Cooley, Olive Johnson, Clara Layman, Ethel Layman, Helena Peckham, Abbie Rockwell, Francis Stevens, Edna Wilcax.

WORK OF THE WIND.

Considerable Damage Done in Bradford County—Sheds Demolished.

The high wind of Wednesday afternoon did considerable damage in different parts of Bradford county. In the Northern end of the county roofs were blown off and other damage wrought.

At North Towanda two tobacco sheds were blown down. One was owned by Mrs. Sarah Hawkins and is a total wreck. The other shed destroyed was the property of Byrum Tuttle. In this shed were a number of wagons and some farm machinery. The wagons and machinery were broken, and practically ruined.

Medical Society Meeting.

The regular monthly meeting of the Bradford County Medical Society was held in the grand jury room of the court house Tuesday afternoon. Dr C. Manville Pratt read an interesting paper on pernicious anemia, and Dr. J. C. Lee of Herrick read an interesting paper on leukemia. General discussions followed. Those present were: Dr. Terry of Wyalusing, Dr. C. M. Pratt, Drs. S. M. and C. M. Woodburn of Towanda. Dr. F. A. Thompson of Durell, Dr. Theodore Wright of Sayre, and Dr. C. M. Coon of Laquin. The next meeting of the society will be held on May 1.

Canton's Oldest House Burned.

The historic Taber homestead at Canton, one of the very oldest houses in all eastern Bradford county, was destroyed by fire Wednesday afternoon. The house was occupied by J. J. Stroup and family. The flames were fanned beyond control by the high wind that prevailed at the time, and not a single article of household furniture was saved. An insurance of $150 was carried. The Taber homestead was one of the landmarks of Western Bradford County.

Marrying Teachers Need Not Apply.

During the past year several teachers in the Sayre schools resigned in order to be married. The board of school directors decided last evening to have all teachers who desired to be employed next year, make application. Then one of the directors said "have all applications read for the full school year" and the other directors seemed to think this was right for they knew that the meaning was that "marrying teachers need not apply."—Sayre Times-Record.

Fire at Sheshequin.

The residence of Floyd Kellogg, in Sheshequin township burned to the ground, between 1 and 2 o'clock Wednesday afternoon. The fire was discovered by Mrs. Leon Van Duzer, who immediately notified the owner. He hastened to the scene, removing nearly all of the household furniture and goods. The origin of the fire is unknown. The high wind whipped the flames to a strong blaze which gained such headway that it could not be checked.

Broke Collar Bone.

While Mrs. Fred Carnochan was taking Mrs. Thomas W. Parsons and little son for a pleasure drive in Troy Thursday the Shetland pony became fractious, throwing out all three occupants and breaking one of the wheels of the cart. The baby was fortunately uninjured, as was also Mrs. Carnochan, but Mrs. Parsons sustained a broken collar bone and other injuries.

SCHOOL HOUSE AT MILAN DESTROYED BY FIRE.

Thought That Tramps Caused the Blaze Which Wiped Out Building.

The Milan school house was completely destroyed by fire at 2:30 o'clock Wednesday morning. An engineer on a passing freight train saw the blaze and gave the alarm by blowing the whistle of the engine.

Samuel Hamilton, who lives near by was the first one on the scene and several followed, but the fire had gained such headway, that nothing could be done to save the building which in a short time was a smoldering heap of ruins.

The fire was evidently the work of incendiaries, as no fire was built in the school house all day Tuesday. Tuesday night about 9 o'clock two tramps were seen hanging around in that vicinity, who undoubtedly stayed in the building all night and in lighting a pipe or cigarette dropped a match. The wind was not blowing strongly, or the buildings on the Ellsbree farm which are but about ten rods away, would have been endangered. It is said that the loss is fully covered by insurance.

Lin-ta Hose Company History.

A. H. Kingsbury furnishes the following extract from the history of the Lin-ta Hose company which will be of interest to the present day members of this popular and efficient company, and Towandians in general: "At a regular meeting of Lin-ta Hose company, No. 3, held at Firemen's hall on Oct. 3, 1859, the following officers were elected for the ensuing term: Foreman—H. B. McKean; first assistant—J. W. Means; second assistant—J. F. Bender; secretary— Charles Mercur; treasurer—G. de la Montayne. On Thursday evening, Feb. 2, 1860, Lin-ta Hose company gave their first annual ball at the Ward house. They made every endeavor to make it a success and as the citizens always responded liberally to every undertaking of the popular company, it was largely attended, and a pleasant evening was spent by the Lin-ta boys and their friends."

Passed Another Milestone.

Says the LeRaysville Times: "On Sunday, April 4, our venerable townsman, M. H. Codding, reached one of those milestones in life that is permitted to but few of the human family. To commeomrate the event the children (J. R. Agnew and wife and B. O. Codding and wife) and grandchildren were present. The forepart of the day was spent in visiting and recounting the many family ties that are of interest only to those who celebrate an event like this. Mr. Codding was born April 4, 1821. Only two other members of his family survive— Col. John A. Codding of Towanda, who sent a long letter congratulating him upon the return of this memorable day in his life, and Mrs. Susanna Shadduck of Rushville."

Exiled From Home.

There is probably no other man in Pennsylvania who holds the relation to the commonwealth that Earl Barnes late of Bingham Center, Potter county, does. He is an exile, so hard and fast bound by his disgrace, that but one thing in all this world can get him the privilege of even a temporary return to Potter county. That one thing is the serious illness of his aged mother, in the event of which, if her illness be testified to by a reputable physician, Barnes shall be given a formal permission by Judge Ormerod to return home for such length of time as the court may see fit to grant.

Dependable Proprietary Medicines.

It must be admitted by every fair-minded, inelligent person, that a medicine could not live and grow in popularity for thirty years, and today hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compaund, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

Wysox School Matters.

The school directors of Wysox township will meet at the open session of the Wysauking grange at the Wysox grange hall Saturday evening April 10, at eight o'clock, for the purpose of discussing the centralization of the schools. All taxpayers of the township are urged to be present.

Blowing Some.

Farmers doing their Spring Plowing at Overton Highland, Mountain Lake, Luthers Mills, the Burlingtons and other places a few miles from Towanda were compelled to stop Friday on account of the gale which blew the furrows back as fast as they were turned over.

Orwell Man Injured.

James Green, a well known resident of Orwell sustained the fracture of two ribs on the left side in a fall at his home Monday. He was going down the steps to the woodshed, when the steps tipped, letting him fall, striking on his left side.

Sentenced to Die.

Hon. George Moscrip's bill for the state to pay the minimum salaries of all school teachers for the minimum term is one of the bills scheduled to be killed in the house.

Elmiran in Big Deal.

John N. Willys, president of the Elmira Arms Company, on Monday closed a deal in New York city whereby he bought out the rights of the Pope-Toledo Automobile Manufacturing Co. of Toledo, Ohio. The purchase includes nine and one-half acres of ground and the 28 buildings which comprise the big plant.

Ralston Boy Meets Terrible Fate.

Running to catch a ball batted by one of his playmates, Adam Ebersole, the twelve-years-old son of Frederick Ebersole, of Ralston got onto the railroad track and was struck by a train which was being pushed up the track about 6:30 Tuesday evening. His right leg was cut off near the hip, the right arm severed near the shoulder, his left foot mangled and he was otherwise injured. He lived about six hours after the accident.

CHILD ATE AN ENTIRE BOX OF CUTICURA

Spread on Some Crackers—Not the Slightest Injury Resulted from Little Fellow's Escapade—In Most Positive Way Ingredients of

CUTICURA PROVEN PURE SWEET AND HARMLESS

A New York friend of Cuticura writes the following interesting letter:—

"My three year old son and heir, after being put to bed on a trip across the Atlantic, investigated the stateroom and located a box of graham crackers and a box of Cuticura Ointment.

"When a search was made for the box, it was found empty and the kid admitted that he had eaten the contents of the entire box spread on the crackers. It cured him of a bad cold and I don't know what else."

No more conclusive evidence than the above could be offered that every ingredient of Cuticura Ointment is absolutely pure, sweet and harmless. If it may be safely eaten by a young child, none but the most beneficial results can be expected to attend its application to even the tenderest skin or youngest infant. This feeling is shared by mothers and nurses to such an extent that Cuticura Soap and Cuticura Ointment have for many years been unhesitatingly used throughout the civilized world for preserving, purifying and beautifying the skin, scalp, hair and hands of infants and children from the hour of birth. And greater still, if possible, is the confidence reposed in Cuticura Remedies for the treatment of torturing and disfiguring humors of the skin and scalp. The suffering which they have thus alleviated among the young and the comfort they have afforded worn-out and worried parents have led to their adoption in countless homes as priceless agents in the speedy, permanent, safe and economical treatment of infantile and birth humors, eczemas, rashes, irritations, inflammations and chafings, and other itching, scaly and pimply humors when all other remedies suitable for children fail.

Cuticura Remedies are sold throughout the world. Depots: London, 27, Charterhouse Sq.; Paris, 5, Rue de la Paix; Australia, R. Towns & Co., Sydney; South Africa, Lennon, Ltd., Cape Town, East London, etc.; Russia, Ferrein, Moscow; Japan, Maruya, Ltd., Tokio; U. S. A., Potter Drug & Chem. Corp., Sole Props., Boston.
